These results were verified by an independent statistical consultant

*Live release rate was calculated by dividing the Live Outcomes by the Total Asilomar Outcomes. Note that owner surrender for euthanasia (owner intended euthanasia) and died/lost in care were removed from totals per the Asilomar accords formula.

**Save rate includes animals surrendered for euthanasia as well as animals which were lost or died in care.

****Proof of animal suffering impacting life quality or aggressive behaviors presenting a risk to public safety are required by owners requesting this service.
