

Pet of the Week: **Martin!**

Meet Martin, our Pet of the Week! Martin arrived at OC Animal Care sick and in need of some medical attention. Upon arrival, our Veterinary Staff noticed that Martin had an upper respiratory infection and would need treatment along with some rest and TLC. Martin enjoyed his relaxing time healing, becoming friends with the Veterinary Staff, and spending time getting healthier again. He loves snuggling up in a comfy bed and would love to spend all day snoozing next to his favorite human. Martin's upper respiratory infection has significantly improved and, while he may have some minor, lasting effects for the rest of his life, he is now excited to find his furr-ever home! This handsome boy is no stranger to food and absolutely LOVES to eat! Give him a treat and he'll be your friend for life! Martin can come across as a little shy at first, but he loves taking the time to get to know someone and building a trusting relationship. Martin would love nothing more than to be your couch snuggle buddy and help binge-watch your favorite tv shows with you!

Think Martin would be the purrfect fit to your family? Call (714) 935-6848 to schedule and adoption appointment today!
