Let's Paws

Follow these tips to ensure a safe and happy holiday for you and your pet!

- Exercise your pet before the fireworks so they can sleep through the main event!
- Microchip and tag your pet. They can get loose when spooked!
- Some pets may need medication to be comfortable. Ask your vet!
- Have a space designated for your pet, such as a quiet room or crate where your pet can go relax! The loud noises and flash of the fireworks can cause your pets to get scared and run away!
