

# PET OF THE WEEK

## DONALD

ANIMAL ID#: A1873432

Donald may be shy when you first meet him, but once you offer him treats, he'll bloom like a flower in spring! He's a sweet two-year-old Pit Bull mix who's all about the foodie life!

So, what has Donald been up to? He's been on a journey of growth and confidence-building! When he first arrived at OC Animal Care, he was incredibly nervous and unsure of people. But once we discovered his love for treats, everything started to change. With time, patience, and lots of treats, Donald has gone from flinching at touch to seeking out affection and belly rubs!

He's already a champ at basic commands and walks great on leash. Donald's (A1873432) come such a long way and is now ready to trade kennel life for couch life. Could that be with you? Give him a chance and foster-to-adopt or adopt him today!
